Subject: Joint Water District Letter
Attachments: EPA Plume Follow Up Letter.pdf

Doug,

Attached please find a follow up letter from our meeting in December 2014. The water districts feel it is important to outline what we expect moving forward and for an update on the NYSDEC letters issued in November 2014 to the Navy and Grumman. We look forward to our scheduled March meeting. Thank you.

Stan Carey, Superintendent
Massapequa Water District
